Set your hearts on a secluded getaway close to home? Olivia Marks discovers Britain's best honeymoon hideaways

### **MINT CROFT** Isle of Skye

Set on the edge of Loch Snizort, in the village of Geary, is Mint Croft. With handcrafted kitchens, log fires and thick stone walls, these luxury one-bed abodes make a cosy base from which to explore the wild surrounds. Walk from your front door along the loch and spot minke whales, puffins and otters – and not another soul. That said, Stein Inn, the island's oldest pub, is but a 10-minute drive away. *From £1050 for three nights. [Mintcroftskye.com](http://Mintcroftskye.com)*
